And now here we be, Aged and infirm, my self one of the oldest men
here that is upwards of 80 years, the oldest is 88 years. There is also of the
women upwards of 80, the oldest is 91 years - among them there is many
couples only who have lived together so long as we have, one of them has lived
two or three months longer, and another of them married the same day -

Our descendants are pretty numerous, but not to go further - had than
great grand children, we have thirty six of them that we know of, amongst
which are three pair of Twins, and as it hath been observ'd that Twins
are somewhat peculiar to some particular Families, the observation is in
this case so far confirm'd, that from our Grandmother Clark, the best I can
rememb. Mary Church and her descendants, there hath been 9 pair, and it may
be added to that, that our said Grandmother had a sister married here, who
had twins, and so likewise had a Daughter of her said sister -

7 The three pair are by
Obed Joy
Thomas Marshall
& Mary Ellis - -
